this book is an exploration of how urban life in copenhagen in the period known as the golden age c 1800 to 1850 was experienced and structured socially institutionally and architecturally it draws on a broad historical source material spanning urban anecdotes biography philosophy literature and visual culture to do so the book argues that copenhagen emerged as a modern city at this time despite the fact that the golden age never witnessed the appearance of the main characteristics of the modernisation of cities associated with industrialisation such as street lighting sewer systems and railroads the book outlines the historical and topographical context of copenhagen in the golden age with a special focus on the works of the most prominent architect of the period c f hansen the characterisation of the city is complemented by investigations into writings of three citizens the philosopher soeren kierkegaard the novelist thomasine gyllembourg and the criminal ole kollerod who all take an interest in the city s institutional and urban structures as well as their own place in it from these different sources a picture is painted of urban life and thought at a time when the city began to take on characteristics of ambiguity and alienation in european thinking while at the same time the city itself retained some pre modern motifs of a symbolic order this transformation is set in a larger process of cultural re orientation from traditional baroque culture to what might be termed romantic culture the book reconsiders the significance of this transformation for the emergent order of the modern european city in the nineteenth century and thus of the very foundation on which our own urban culture rests

whether used for thematic story times program and curriculum planning readers advisory or collection development this updated edition of the well known companion makes finding the right picture books for your library a breeze generations of savvy librarians and educators have relied on this detailed subject guide to children s picture books for all aspects of children s services and this new edition does not disappoint covering more than 18 000 books published through 2017 it empowers users to identify current and classic titles on topics ranging from apples to zebras organized simply with a subject guide that categorizes subjects by theme and topic and subject headings arranged alphabetically this reference applies more than 1 200 intuitive as opposed to formal catalog subject terms to children s picture books making it both a comprehensive and user friendly resource that is accessible to parents and teachers as well as librarians it can be used to identify titles to fill in gaps in library collections to find books on particular topics for young readers to help teachers locate titles to support lessons or to design thematic programs and story times title and illustrator indexes in addition to a bibliographic guide arranged alphabetically by author name further extend access to titles

from europe to the united states and beyond opportunistic politicians have exploited economic crisis terrorist attacks and an influx of refugees to bring hateful and reactionary views from the margins of political discourse into the corridors of power this climate has already helped propel donald trump to the white house pushed britain out of the european union and put marine le pen within striking distance of the french presidency sasha polakow suransky s on the ground reportage and interviews with the rising stars of the new right tell the story of how we got here tracing the global rise of anti immigration politics and the ruthlessly effective rebranding of europe s new far right as defenders of western liberal values go back to where you came from is an indispensable account of why xenophobia went mainstream in countries known historically as defenders of human rights and models of tolerance

established in 1969 the organization of islamic cooperation oic is an intergovernmental organization the purpose of which is the strengthening of solidarity among muslims headquartered in jeddah the oic today consists of fifty seven states from the middle east asia africa and latin america the oic s longevity and geographic reach combined with its self proclaimed role as the united nations of the muslim world raise certain expectations as to its role in global human rights politics however to date these hopes have been unfulfilled the organization of islamic cooperation and human rights sets out to demonstrate the potential and shortcomings of the oic and the obstacles on the paths it has navigated historically the oic has had a complicated relationship with the international human rights regime palestinian self determination was an important catalyst for the founding of the oic but the oic did not develop a comprehensive human rights approach in its first decades in fact human rights issues were rarely if at all mentioned at the organization s summits or annual conferences of foreign ministers instead the oic tended to focus on protecting islamic holy sites and strengthening economic cooperation among member states as other international and regional organizations expanded the international human rights system in the 1990s the oic began to pay greater attention to human rights although not always in a manner that aligned with western conceptions this volume provides essential empirical and theoretical insights into oic practices contemporary challenges to human rights intergovernmental organizations and global islam essays by some of the world s leading scholars examine the oic s human rights activities at different levels in the un the organization s own institutions and at the member state level and assess different aspects of the oic s approach identifying priority areas of involvement and underlying conceptions of human rights contributors hirah azhar mashood a baderin anthony tirado chase ioana cismas moataz el fegieri turan kayaoglu martin lestra ann elizabeth mayer mahmood monshipouri marie juul petersen zeynep Şahin mencütek heiní skorini m evren tok
